

Tech Know Systems, Inc.

Tech Know Systems, Inc. Announces JetPCL version 9.0 available for use with **Agate III**

JetPCL Integrated into Agate III from Agate Partners!

JetPCL is now available for integrated use with the Agate III product from Agate Partners. Using JetPCL with the Agate III product allows PCL print files to be easily emailed as PDF attachments. PCL files are Hewlett-Packard LaserJet print files. Using JetPCL these print files can be converted into Adobe Acrobat PDF image files for eMailing. All of this happens easily when you purchase **JetPCL for Agate III** because Agate Partners has integrated JetPCL into their Agate III product. Purchasing a run time license for JetPCL will enable the integrated JetPCL module.

Purchasing a 'JetPCL for Agate III' Runtime License

JetPCL for Agate III runtime licenses are available directly from Tech Know Systems. Pricing is based on the number of Agate III servers and users (based on the Agate III license that will be using JetPCL). Pricing is as follows:

- Agate III installation for unlimited users – \$1,150 per server machine.

Visit our web site at www.techknowsystems.com and click on the "JetPCL for Agate III" link on the JetPCL Products page for more information. Or call us at the number below.

Installing a 'JetPCL for Agate III' Runtime License

Once a **JetPCL for Agate III** runtime licenses is purchased installation can easily be accomplished by either an in-house IT person familiar with the Windows command prompt or by a qualified Agate Partners consultant. Installation involves these steps:

- receiving an activation key from Tech Know Systems via email,
- receiving a new JetPCL replacement executable via email.

Easy to follow, step by step, instructions will explain how to update the JetPCL executable and install the JetPCL activation key to enable the integrated JetPCL module.
